

## **A Member of the ESN Council has been elected to the Academia Europaea (Academy of Europe)**

ESN Council is pleased to announce that Prof Jean-Pierre Mothet, has been elected a member of Academia Europaea (Academy of Europe) in the section "Physiology & Neuroscience" [https://www.ae-info.org/ae/Member/Mothet\\_Jean-Pierre](https://www.ae-info.org/ae/Member/Mothet_Jean-Pierre)

Jean-Pierre has been an ESN Council member since 2015 and he is currently the Director of Research at CNRS in France and Team Leader of 'Biophotonics & Synapse Physiopathology' CNRS, at the Université Paris-Saclay, France.

ACADEMIA  
EUROPAEA }

*The Academy of Europe*

Academia Europaea was founded in 1988 by the initiative of several national academies in Europe. Academia Europaea is the only continent-wide academy with individual members from Council of Europe states and other nations around the world. The aim of the Academy is to promote European research in all fields and to advise governments and international organizations on scientific and educational matters.
