

# CALL FOR PROPOSALS

The European Society for Neurochemistry  
is delighted to invite **YOU** to submit proposals for the  
Programme of the 1st ESN Virtual Conference  
“Future perspectives for European neurochemistry –  
a young scientists conference”

May 24-25, 2021

Please send your proposals to  
[ESNvirtual2021@neurochemsoc.eu](mailto:ESNvirtual2021@neurochemsoc.eu)

*by 15th January 2021*

The Meeting will be organized by the ESN Young Scientists Steering Committee and will be held entirely online!

The ESN-YSSC (which will also serve as the Programme Committee) aims to generate a highly interesting and attractive programme for the meeting, covering broad areas of neurochemistry research, stimulating scientific interchange, identify new "hot" topics and help to develop new concepts. On that note, we are delighted to announce our excellent keynote speakers [Dr. Maria Flora Mangano](#) and [Prof. Adriano Aguzzi](#), who will introduce us into the fascinating and different paths to perform and apply science.

With your help, we hope to organize a highly attractive scientific meeting that will give the participants an opportunity to learn more about current research in neurochemistry, present and discuss their new data, make new contacts and become ESN members.

Interested? Click [here](#) to read more  
or visit us at [www.neurochemsoc.eu](http://www.neurochemsoc.eu)
